

**Planting at Mount Cottrell
Friday 27th July 2012 from 9.00 – 12.00**

**Pinkerton Landcare & Environment Group invites the community to join us
planting wildflowers at Mount Cottrell on Friday 27th July 2012**

Residents of Mount Cottrell

Pinkerton Landcare & Environment Group & members of Western Water will be planting a variety of wildflowers including Basalt Daisies, Showy Podolepis, Common Everlasting & Cotton Fireweed

Mount Cottrell is a large shield volcano that is the most prominent feature of the western plains.

Mt Cottrell gives a spectacular 360° panorama across the western plains, with views over the Brisbane Ranges, Great Dividing Range, You Yangs, Mounts Blackwood, Bullengarook & Macedon, as well as Port Philip Bay & Melbourne.

Meet at Farm Gate in Faulkners Road, (opposite Rec Reserve) Mt Cottrell at 9.00 am
Melway ref 222 B5

Morning tea will be supplied by Pinkerton Landcare & Environment Group & a BBQ lunch will be supplied by supplied by Western water
